

DHT-S316 HOME THEATER SOUND BAR WITH WIRELESS SUBWOOFER

IMMERSE YOURSELF IN THEATER-QUALITY SOUND

With Dolby Digital and DTS decoding, the Denon DHT-S316 sound bar with wireless subwoofer powers dynamic theater-quality audio in a minimal, low-profile design. Quickly connect your TV through the HDMI (with Audio Return Channel) or Optical Input.

HIGHLIGHTS

- Two-way sound bar with wireless subwoofer
- HDMI with Audio Return Channel
- Low-profile design and wall-mountable
- Bluetooth built-in
- Dolby Digital and DTS Decoding
- Denon Dialogue Enhancer
- Optical digital audio input
- HDMI cable included
- AUX input (3.5mm)
- Engineered with a more than 100-year Denon legacy in audio excellence

YOUR BENEFITS

- Powerful, dynamic Denon home theater sound
- Exceptional sound clarity through one single connection to your TV — plus, control the DHT-S316 with your TV's remote
- At just over 5.5 cm tall, it fits most spaces and won't block your TV's bottom edge or IR remote sensor
- Access a wide array of unlimited online music sources via your compatible paired device
- Advanced psychoacoustic algorithms realistically simulate a multi-channel home theater surround sound experience
- Improves dialogue intelligibility — ideal for movies and TV shows with complex audio soundtracks
- Connect older TVs that don't support HDMI Audio Return Channel
- Simple, straightforward connection to your TV lets you enjoy immersive audio
- Connect your analog device and listen through the sound bar
- Trust in a high-quality, durable system to deliver the ultimate audio experience

Theater-Quality Sound

Immerse yourself in theater-quality sound with the Denon DHT-S316 sound bar and wireless subwoofer. Dual mid-range drivers, detailed crisp tweeters and Dolby & DTS elevate your sound from a low-profile design.

Wireless Subwoofer

Powerful bass, without the cables. Give your favorite movies, music and shows the deep, rich bass it's missing. Place the wireless subwoofer anywhere you want for optimal enjoyment.

Low-Profile Design

At just over 5.5 cm tall, the Denon DHT-S316 fits most spaces and can be placed front of your TV without blocking your TV's bottom edge or IR remote sensor. It's also easy to wall mount with the included mounting template.

HDMI with ARC (Audio Return Channel)

Send audio from apps built into your Smart TV and other sources via the Audio Return Channel (ARC) on the DHT-S316 and a single HDMI cable (included). Also enables control of the Denon DHT-S316 via your TV's remote control.

Bluetooth Compatibility

Your favorite tracks, at your fingertips. Pair your smartphone or tablet with the DHT-S316 to stream music via Bluetooth

Denon Dialogue Enhancer

Never miss a word of your favorite TV show or movie. Denon Dialogue Enhancer improves dialogue intelligibility — ideal for movies and TV shows. Turn up the dialogue without having to adjust overall volume.

Dolby Digital and DTS Decoding

Denon Virtual Surround mode delivers home cinema surround sound simulation with Dolby Digital and DTS Decoding from Blu-ray, DVD, DVB and other surround encoded media. Advanced psychoacoustic algorithms realistically simulate a multi-channel home theater surround sound speaker system. Enjoy immersive surround sound from a sleek, compact bar.

Easy Setup Experience

Quickly connect the DHT-S316 sound bar to your TV with the supplied HDMI cable or via the Optical input. Once connected via HDMI/ARC, control the sound bar with your TV remote — it's seamless.

100+ Years of Firsts in Audio Technology

Founded in 1910, Denon has a deep heritage of “firsts” in audio technology — from Japan's first audio electronics manufacturer, to producing the world's first commercial CDs. This focused investment in audio R&D ensures you get the latest technology and highest quality with every listening experience.
